Please Note:
- All towel warmers contain a factory – filled glycol mixture
- Not suitable for use on domestic hot water system
- Before starting, ensure situation and orientation

**Installation:**

1. Solid fixing lug
2. Wall support core
3. Wall screw
4. Wall support
5. Grub screw
6. Allen key
7. Wall plug

**Step 1:** Select the desired mounting position, make sure the wall is adequate to take the fixing points of the rail i.e anchor points must be securely attached to a stud or masonry.

**Step 2:** Loosely screw the wall support into the wall using the wall screw and washer. Use wall plug if you are fixing into masonry. Do no tighten fully.

**Step 3:** Manoeuvre the rail back onto the bracket and tighten with the grub screw.

**Cleaning:**
- Do not use any abrasive or chemical cleaners to clean the radiators as this will cause damage to the surface finish. Please use warm water and a damp cloth.
- Do not clean when hot.
